TRACTOR BOX/WEIGHT

Tractor Box

-  3 PT Mounted
-  Removable belly weight
-  Weight sizes range from 0.5–2 Ton
-  Empty box weight 370kg
-  Large storage compartments for tools etc.
-  Storage compartments are rubber sealed
-  LED marker lights

SWATH ROLLER

Our swath rollers are designed to compress the swath and maximize the efficiency of your baler.

Our swath roller comes in two parts; the roller section can be attached under our tractor box in place of the weight block.

- It can be painted in your colour of choice.
- Marker and strobe lights
- Greaseable bearings
